

Why did you choose Covenant School Del Norte? When we took the original tour with Ms. Carol, we were impressed with the structure of the school. Coming from a loving home day care provider to a large "Day Care" did scare us, we were expecting children running, screaming, just playing, and what we saw and observed was an actual school setting designed for children ages 1-5. Ms. Carol gave us the day-to-day schedules for each age group and explained the details of the day-to-day operations of Covenant. We were impressed with the longevity of her employees and the benefits they receive; this was an excellent indication that Covenant is dedicated to the well-being of their employees.

At what age did your child(ren) start at Covenant School? And, tell us about your experience since starting. Our children started when they were two and three. Since starting, the employees and staff have made our entire family feel welcomed. Our children have developed great social interaction skills. The education they receive is well balanced and the extra activities that covenant offers helps their growth and is flexible with our time.

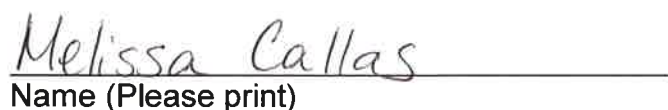

What has been your favorite experience in Covenant's program? The time they spend with all the children. Ms. Carol takes the time to get to know all the kids in the school and their families. All the staff greets everyone as they pass through the halls. The security of the facility is top notch too.

What do you love most about Covenant School? They have our children excited about learning. Everyday our girls come home with new things they have learned, whether it be the blends songs, or a new scripture, or the responsibility of the class pets, they are excited to learn. The teachers also encourage responsibility on the children, remembering to bring in a book on Wednesday or that Friday is show-and-share, they remind the children that it is their responsibility to bring this stuff to school.

In general terms, to whom would you recommend Covenant School? Anyone who is looking for a clean, structured, friendly, well-balanced, healthy, and most importantly, safe pre-school for their child(ren).

If you child(ren) are Covenant School graduates tell us about their experience of going on to kindergarten. Our children have not graduated yet from Covenant, however the parents who have had children graduate from Covenant that we speak to say their children are overly prepared for Kindergarten.
